📍 Banglore

OBJECTIVE

Eager to begin my career with an internship where I can apply my technical foundation, actively learn, and provide my full support to the team. Ready to contribute my skills and enthusiasm to help achieve project goals and drive impactful results.

EDUCATION

EAST POINT COLLEGE OF HIGHER EDUCATION

Bachelor of Computer Applications,

2024 - present

LANGUAGE

- English
- Kannada
- Tamil

SKILLS

- Proficient in JavaScript and frameworks: Node.js, Express, and React
- Knowledgeable in databases: SQL and MongoDB
- Strong foundation in HTML, CSS, and responsive design principles
- Solid understanding of web development best practices

PROJECTS

- A mini e-commerce website built with React on the frontend and a minimal backend using Node.js, Express, and MongoDB.

- A classic Tic Tac Toe game built with JavaScript, HTML, and CSS. Simple engaging, and fun for quick play!.
